## EXPOSITION AT SEATTLE

The Alaska-Yukon Fair Grounds Started.

THE BIG SHOW IN 1909

Hon. John Barrett Represented the President and Delivered the Address of the Day.

WORK WILL START AT ONCE

Ceremonies Were Preceded By Large Military Parade Through Street of Seattle—President Chilberg Turned the First Spade of Earth.

SEATTLE, June 1.—With impressive ceremonies ground was broken today for the Alaska-Yukon-Pacific Exposition which will be held here in 1909, opening just two years from date. The day was a holiday. Seattle presented a gala appearance and amid the blare of trumpets, the marching of a military band, inspiring speeches and banqueting the inauguration of active work on the Pacific World's Fair was celebrated.

Many prominent men attended the ceremonies and visitors from many nearby cities were present.

Hon. John Barrett, director of the international bureau of American Republics, as the personal representative of President Roosevelt, was the principal speaker of the day and the guest of honor.

President John Edward Chilberg, of the exposition, after appropriate remarks, turned the first spadeful of earth, while the band played "The Star Spangled Banner," and thousands cheered.

Addresses were delivered by Governor Albert E. Mead, of Washington, and Mayor W. H. Moore, of Seattle.

The ceremonies started with a big military parade at noon. It passed through the principal downtown streets and ended at Union Station where a special train was taken for the Exposition grounds. The exercises on the grounds began at 2 o'clock.

I. N. Nedau, director-general of the exposition was master of ceremonies.

W. A. Williams, of Portland, representing Governor Chamberlain, of Oregon.

The day's ceremonies will end this afternoon by a banquet to John Barrett at the Rainier Club. Mr. Barrett is well known in the west. Before he entered the government service he was a newspaper man in Portland, Seattle, San Francisco and Tacoma. He began his diplomatic career as minister to Siam and since has held several important diplomatic posts.

It is thought by the management that two years of strenuous work on the \$10,000,000 world's fair will find it completed in every detail by June 1, 1909, the opening day.

The purpose for which the exposition is held is considered to be worthy of the expenditure of so large a sum. Briefly, its primary object is the exploit of the resources and potentialities of the Alaska and Yukon Territories in the United States and Canada and to make known and foster the vast importance of the countries bordering on it.

The exposition site which embraces the unused portion of the campus of the University of Washington is 250 acres in extent and borders for more than a mile and a half on Lakes Union and Washington.

The Olympic and Cascade Mountains are in sight and an unobstructed view may be had of the peaks of Mount Baker and Mount Rainier.

Now that ground has been broken

work will start immediately on the landscaping and the laying out of the roads, plazas and circles. The administration building will be erected at once in order that the management may have headquarters on the grounds. The exposition plans call for about 12 large exhibit places arranged in a unique manner.

### LEON GRAHAM EXONERATED.

Was Many Miles From Scene of Staffeldt Murder.

NEW YORK, June 1.—Investigation has definitely determined the fact that Leon Graham, the Brooklyn boy who attacked five year old Mamie Luck at Corono, L. I., a few days ago, had nothing to do with the murder of the 15 year old girl Amelia Staffeldt, a week ago.

Graham confessed he had been arrested eight times for annoying little girls, proved on the day that Amelia was stabbed to death in the field near her home that he was at the Queen's County Oil Works, several miles from the scene of the crime.

## OUST OIL COMPANY

Texas Jury Finds Waters Pierce Company Guilty.

LONG LEGAL BATTLE STARTED

Entered the State by Fraud and is Fined \$1,623,000—Defense Will Carry Trial to Federal Courts—Temporary Injunction Granted by Circuit Court.

AUSTIN, Texas, June 1.—The jury today found the Waters-Pierce Oil Company, of Missouri, guilty of violating the anti-trust laws of Texas, convicted it of having entered the state by fraud, fined it \$1,623,000 and granted the prayer of the state for ouster proceedings. The defense this afternoon filed a motion for a new trial and the case will be taken to the Federal Courts. The state filed a petition with Judge Brooks for the appointment of a receiver also for an injunction to restrain the company from moving any of its property from the state. The judge granted a temporary injunction and set the receiver's hearing for June 8.

The trial has consumed three weeks in the district court here and its conclusion here today is merely the beginning of a long legal battle. At the outset of the proceedings the defense attempted to secure a change of venue but not succeeding in that, vainly sought to secure judgment by default in order to hasten their course to the Federal courts.

## HAYWOOD TAKEN ILL

Prisoner Was Unable to Appear.

TRIAL WAS POSTPONED

Haywood Suffered From Acute Intestinal Toxemia and From Effects of Morphine.

CAUSES NEW CROP OF RUMORS

Some Say Defense Is Playing For Time—Others Claim Prosecution Has Something Up Its Sleeve—Others Caution Authorities About the Prisoner's Food

BOISE, June 1.—William D. Haywood was seized with sudden illness early this morning and was unable to appear in court. He was restless and ill most of the night and early this morning began crying in pain. Two hurriedly summoned physicians announced that he was suffering from acute intestinal toxemia. Measures for alleviation of the pain included the administration of morphine and the dizziness and nausea caused by drug, rather than by the original trouble were responsible for his inability to go to the courtroom in the afternoon. Haywood is a hearty eater and since the trial began, he has stopped taking exercise and these conditions, added to by the worry and strain of the trial was believed to be responsible for the attack. Earlier, the suffering of the prisoner created an impression that he was quite seriously ill and it was thought, an extended interruption of the trial was inevitable. He responded quickly to treatment and this morning it was thought he would be able to attend the afternoon session. He attempted to dress, but was seized by nausea and returned to bed. His counsel informed the court that he will be ready on Monday to which day the trial was adjourned.

The interruption of the trial gave rise to a large crop of opinions. Friends of the prosecution expressed the belief that Haywood's illness was merely to secure time, to further investigate the latest venue, others were sure that Haywood had collapsed under the strain of the trial. One suspicious friend declared that Haywood's friends should petition the authorities to personally prepare all food for the prisoner. Still another report was that the defense is greatly dissatisfied with several of the jurors and would seek by affidavits, to secure consent to further examine them. Another report was that the prosecution is dissatisfied with one juror and would seek to have him removed after the defense had exhausted its last peremptory challenge. Peter Breen, an attorney of Butte, retained by the Miners' Union of that city to assist the defense arrived today and was in conference with Haywood's counsel, but took no part in the proceedings today. There appeared some question about his entry in the case and it was said he would not remain here. Some announcement is expected tonight.

### PENNSYLVANIA WON IN EAST.

BOSTON, June 1.—Five star athletes from the University of Pennsylvania, won the Inter-Collegiate championship in the Harvard Stadium today in what proved to be a series of wonderful athletic performances. New inter-collegiate figures were written in 8 of the 13 events and one more, the high hurdles, would have been broken, had the officials not

declared that the runners were too much favored by the wind. Pennsylvania was given a splendid fight for first place by the seven men from the University of Michigan, winning by only four points. Pennsylvania scored 33 to 29 for Michigan. Yale was third with 23 points and Cornell fourth with 15 points. Princeton had 10, Syracuse 8, and Harvard 8. AT BATTLE OF MANILA BAY

Rear-Admiral Coghlin, He Of The "Hock Der Kaiser" Fame, Advocates Larger Navy and Says, "Be Prepared To Whip Or Be Whipped."

NEW YORK, June 1.—Rear Admiral Joseph Bullock Coghlin, U. S. N., who will retire today from active service from the post of commandant of the New York Navy Yard, declared that if he had his life to do over again he would enter the United States Navy; that it is the finest organization of the kind in the world and that it holds out greater inducements to young men of any other country. Admiral Coghlin thinks that our navy should be made bigger and stronger. In an interview he said:

"Peace in perpetuity, about which so much is being said just now, may be possible, but it is not reasonably possible. Be prepared to whip or be whipped is the position in which every great nation stands today. Let us keep peace while we have it. The only way to do this is to keep building battleships and add to the numerical strength of the navy."

Admiral Coghlin thinks the United States ought to have the most powerful navy afloat. He was loud in his praise of the United States Naval Academy and also of the men who are now enlisting in the navy. The bluejackets come largely from the farms, he said, and add to the numerical strength of as to their physical fitness. Moreover their mental fitness is on a much higher scale.

Admiral Coghlin's retirement from the service removes one of the most picturesque figures in the bay. He commanded the Raleigh in the battle of Manila Bay, and his subsequent recitation at the banquet of the satirical "Hock der Kaiser" became an international episode. Admiral Coghlin will be succeeded as commandant of the Navy Yard today by Rear Admiral Goodrich.

A work gang discovered that a fish plate had been driven hard and fast into a split switch and would certainly have caused the derailment of the first passing train, had not the obstruction been found. Shortly after the fish-plate was removed, a regular South bound passenger train for Santa Barbara whizzed over the spot. Discharged employees of the road harboring ill-will toward the management are suspected.

### STOCKS RECOVER.

President's Memorial Day Address Favorably Affects Stocks.

The upward movement is attributable in large part to the completion of necessary liquidation and the consequent relief of the market from this pressure was a large uncovered short interest was left at the conclusion of the urgent liquidation and its requirements have helped the recovery. Financial sentiment was favorably affected by the president's decoration day address at Indianapolis, from which some reassurance was derived against fear of extension of government measures against corporations which might impair the attractive return on capital invested.
